LOOP CHRONICLES

BOOK ONE

Loop Chronicles

Grandfather stopped preaching two years before he died, and never said why.

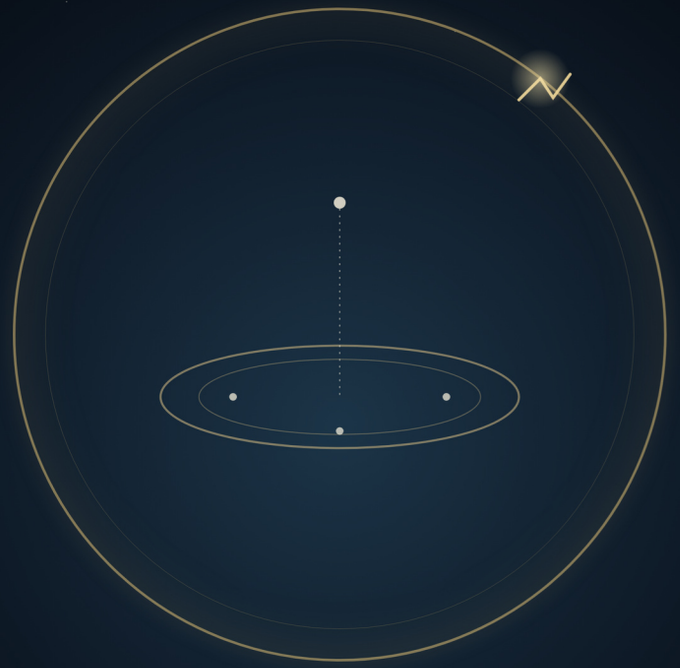

Temel falls into a city called Loop, where an intelligence named Arche answers every question ever put to it. It has never once been wrong. It has also never been asked the only question Temel came with.

With Mena, who writes things down, and Speon, who cannot wait, he learns what a machine can hand you and what it cannot. Somewhere in the city a man walks who answers nothing and finishes everything.
